Library Institute.

State Librarians will meet in St. Johnsbury, June 20-25, for instruction.

The State Board of Library Commissioners will hold their third annual institute of instruction for librarians in the buildings of the St. Johnsbury Academy, St. Johnsbury, June 20-25. The State Library association will hold its annual business meeting Tuesday morning and its round table in the afternoon in the Athenaeum Hall. At the round table the following subjects will be presented and discussed—The need of books on practical subjects for small libraries. What good points to look for in the selection of fiction, how to educate the public in the care of books. Tuesday evening a lecture, followed by a reception, will be given in Athenaeum Hall.

Beginning Wednesday morning, in the Academy, Mrs. Belle Holcomb Johnson, of the Connecticut State Library commission, will give lectures and practical instruction in the various branches of cataloging. Two sessions each day of three hours each will be held until Friday night. One session will be devoted to lessons in book mending by Mrs. Abba Dotson Chamberlin of the Abbott Memorial Library, Pomfret. Books and library devices will be on exhibition as heretofore and in addition a large collection of pictures for use in school and club work. Every librarian is requested to add to the exhibit by bringing pictures, bulletins, book lists or any other material of interest they may have. As usual, arrangements will be made for a picnic and other excursions of enjoyment.

No charge will be made for tuition or instruction and librarians, trustees, teachers, superintendents and those contemplating library work are invited to attend.

Librarians should bring note book, the A. L. A. Catalog and Catalogue of Catalogs and Subject headings if they have them. Catalog cards and accession sheets will be furnished gratis. Room and board should be engaged in advance by writing to Mrs. Ella S. Truax, 22 Summer St., St. Johnsbury.

The law of 1908 provides that the expenses of a librarian in attendance at the institute may be paid by the town, city or incorporated village in which such librarian is employed. Trustees should see that this is done for a good librarian with a poor library is a better investment than a fine library with a poor librarian. The instruction in mending books alone is of sufficient value to warrant attendance. A librarian who knows how to repair books properly will save for a town in a year more than the expenses to the institute would amount to.

Woman's Club.

Second Annual Children's Day.

The first meeting of the club year was a most conspicuous success as the second annual children's day under the supervision of the home economics committee, and was held in Bertrand's Hall Monday afternoon at 3 o'clock. The president of the club welcomed as new members, Mrs. James Hunter, Mrs. William Perry, Mrs. John Beck, Mrs. Alfred P. Grunt, Mrs. C. M. Ransom and Miss Mary Martin. By vote of the club further business and reports were omitted.

About 350 children from the 5th, 6th and 7th grades marched in and took the seats which had been reserved for them in the front of the hall. There were scores of other children and their parents and friends throughout the audience. Mrs. Emilie L. Eastman, chairman of the home economics committee, announced the program consisting of readings, songs and sketches by Katharine McGregor and Ruth Fielding of the Dorothy Dix Home in Boston. The children proved themselves very clever, little entertainers and gave a unique and amusing hour's program.

The floor was then cleared for dancing which many of the children enjoyed and participated in to music by Madam Brock. Punch was served by the committee and several young ladies, who also assisted in entertaining the children. In a march about the hall every child was presented with a favor in which was found a paper cap. These caused great merriment as they were worn in the final march.
